Iron World Manufacturing

Iron World is a family owned and operated business established in 2006 in Howard County, Maryland. Today, Iron World has grown into an industry leader in manufacturing vinyl, steel, aluminum and iron fence products. Iron World is proud and grateful to have over 100 dedicated employees that take pride in manufacturing quality American made products.

Iron World is one of the fastest growing manufacturers in the country. With pride we stand behind and offer warranties on all of our products. Our world class fence systems, swing and slide gates meet the highest standards of quality, durability and functionality. All of the products we offer are manufactured in the U.S.A. and offer beauty, strength and security.

Our mission is to provide superior products and service to all of our Residential, Commercial and Industrial customers at a competitive price. Iron World Manufacturing strives to be at the forefront of vinyl and aluminum fence manufacturing and powder coating technology. Our commitment to customer service is never sacrificed as we treat each and every customer as a valued partner.

CHESAPEAKE BAY™

Chesapeake Bay Vinyl Fencing is a durable and low-maintenance option for homeowners looking to add privacy and security to their property. Made from a strong and weather-resistant PVC material, vinyl fences are built to withstand the elements and resist fading, cracking, and warping. They are also easy to clean and maintain, requiring only occasional washing with a garden hose or a mild detergent solution.

In addition to their functionality, vinyl fences offer a wide range of aesthetic options to suit any home's style. They are also customizable with various picket, rail, and post designs, making it easy to find the perfect match for your home and property. Vinyl fencing is a great choice for those who want a durable, low-maintenance, and stylish fencing option.

BALD EAGLE

The Bald Eagle privacy vinyl fence is a type of fencing that offers an effective solution for creating a private and secure outdoor space. It is made from durable vinyl material that is resistant to weather and UV rays, ensuring long-lasting performance and minimal maintenance requirements. The design of the privacy vinyl fence features closely spaced panels that prevent visibility from the outside, making it an excellent option for homeowners and businesses seeking to enhance privacy and security. Additionally, the aesthetic appeal of the fence is another advantage, as it can complement a variety of architectural styles and landscaping designs.

VINYL FENCE FEATURES & OPTIONS

Iron World's vinyl fences offer several advantages compared to other types of fencing materials, such as wood, metal, or chain link. Some of the key advantages of vinyl fences include:

DURABILITY

Vinyl fences are highly durable and can withstand harsh weather conditions such as rain, snow, and extreme temperatures without deteriorating, warping, or rotting. They are also resistant to pests, such as termites, which can damage wooden fences.

RESILIENCE TO FADING

High-quality vinyl fencing is treated with UV inhibitors to prevent fading and discoloration over time. This ensures that your fence maintains its original appearance for many years, even in sunny climates.

LOW MAINTENANCE

Vinyl fences require minimal maintenance compared to other materials like wood. They do not need to be painted, stained, or sealed, saving time and money on upkeep. Periodic cleaning with soap and water is usually sufficient to keep them looking new.

SAFETY AND SECURITY

Vinyl fences provide a secure boundary for your property, offering privacy and protection for children, pets, and belongings. They are often built with reinforced rails and posts to withstand impact and discourage intruders from attempting to breach the fence.

LONGEVITY

Vinyl fences have a long lifespan, often lasting 20-30 years or more with proper care. This longevity makes them a cost-effective investment over time, as they typically require fewer repairs and replacements than other types of fencing.

ENVIRONMENTALLY FRIENDLY

Vinyl fences are made from recyclable materials and are considered environmentally friendly compared to some other fencing materials. Additionally, because they require less maintenance and replacement, they contribute to reducing overall environmental impact.

VARIETY OF STYLES

Vinyl fences come in a wide range of styles, colors, and textures, allowing homeowners to choose a design that complements their property's aesthetic. Whether you prefer a traditional picket fence, privacy fence, or decorative fence, there is a vinyl option to suit your needs.

EASE OF INSTALLATION

Vinyl fences are relatively easy to install, especially compared to materials like wrought iron or stone. They often come in pre-assembled panels or sections, making installation faster and more straightforward for DIY enthusiasts or professional contractors.

Overall, vinyl fences offer a combination of durability, low maintenance, aesthetic appeal, and longevity that make them a popular choice for residential and commercial properties alike.

ORIOLE PRIVACY W/LATTICE

Lattice panels add visual interest and decorative appeal to the fence, giving it a more upscale and attractive appearance compared to a standard solid vinyl fence. The lattice design allows for airflow and light to pass through while still maintaining some level of privacy.

Iron World's Oriole privacy fence with lattice come in a variety of styles and configurations, allowing homeowners to choose the lattice pattern and placement that best suits their preferences and compliments their property's architecture and landscaping.

MEASUREMENTS:

Post: 5" x 5" x 108"
Middle Rail: 2" x 7"
Top Rail: 2" x 3.5"

Bottom Rail: 2" x 7"
T&G Pickets: 7/8" x 6" x 48"
Post Spacing: 94" O.C.

OSPREY

The Osprey vinyl fence is a classic style of fencing that is both practical and visually appealing. It is made from a durable vinyl material that is resistant to weather, insects, and UV rays, ensuring long-lasting performance with minimal maintenance requirements. The design of the Osprey features three rails, with evenly spaced posts that provide a secure and sturdy barrier for properties of all sizes. The Osprey is also an excellent choice for rural properties, farms, and ranches, as it can effectively contain livestock and protect crops while adding aesthetic appeal to the landscape. Overall, the Osprey vinyl fence is a highly functional and stylish fencing option that can enhance the value and visual appeal of any outdoor space.

CARDINAL

The Cardinal vinyl fence is a popular style of fencing that features a design reminiscent of a dog's ear. It is made from high-quality vinyl material, which is durable and long-lasting, and offers several benefits over traditional wood fencing. One of the main advantages of a dog-ear picket vinyl fence is that it requires very little maintenance. Additionally, the fence is resistant to weather, insects, and UV rays, ensuring that it remains in excellent condition for many years. The Cardinal vinyl fence is available in white.

WARRANTY

Iron World Manufacturing warrants to the original owner that all of our products will be free of manufacturing and material defects. This warranty does not cover damages caused by improper use, application, or installation; abuse; alterations; negligence; vandalism; or acts of God. The warranty also does not extend to the normal weathering, slight discoloration, or chalking caused by prolonged exposure to the elements, mildew, or air pollution. There is no other express warranty except that stated herein. This 20 year limited warranty is intended to cover original owners only and is not transferable. Iron World limits this product warranty to 20 years with a starting date of the original day of installation.

In case of a warranty claim, the owner must provide Iron World a written notice specifying the nature of the defect, along with proof of purchase, within 20 days of the failure. Iron World reserves the right to inspect the material in question to determine the validity of the claim. Defective material must be shipped to Iron World's facility for inspection, freight pre-paid. If the product fails to conform to this warranty, Iron World will replace or repair the defective material at its discretion. Iron World shall not be liable or responsible for labor charges or other expenses whatsoever in connection with removal or installation of either the original or replacement product.

The above constitutes the complete limited lifetime warranty by Iron World and no other agreement, written or implied, is valid. No person is authorized to change or modify this warranty. Recoveries for consequential or incidental damages are hereby excluded.
